TEMPLE- I35 Northbound Exit #300/57th Street to close until late Summer 2015

Starting March 17, at 7 pm, the northbound exit ramp, Exit #300/57th St., will be closed until late Summer 2015. The contractor will be shifting mainlane I-35 traffic and northbound frontage road traffic. Traffic is being shifted to allow the contractor room to place new box culverts under the frontage road and mainlanes to facilitate the flow of Bird Creek underneath I-35. The northbound frontage road will remain open during this time. Traffic needing to access 57th St. or the businesses near and around 57th St. will be directed to exit at Exit #298.
